An act to amend Section 17070.75 of, ~~and to add and repeal Section 33129.5 of,~~ the Education Code, relating to school finance, ~~and making an appropriation therefor.~~

LEGISLATIVE COUNSEL'S DIGEST

SB 409, as amended, Hollingsworth. School finance: ~~reserve accounts~~ *facility maintenance costs*.

~~(1) Existing~~

*Existing* law, the Leroy F. Greene School Facilities Act of 1998 (the Greene Act of 1998), requires the State Allocation Board to allocate to applicant school districts, prescribed per-unhoused-pupil state funding for construction and modernization of school facilities, including hardship funding, and supplemental funding for site development and acquisition.

Existing law requires the board to require school districts that receive funding under the Greene Act of 1998 to establish a restricted account

within the school district's general fund and to deposit an amount equal to 3% of the school district's general fund into the fund for maintenance of school facilities. Existing law requires that, for a county office of education, the 3% calculation be based upon the general fund less any restricted accounts.

This bill would also require that the 3% calculation be based on the general fund less any restricted accounts for a school district that receives funds under the Greene Act of 1998.

~~(2) Existing law requires the State Board of Education to adopt standards and criteria to be used by local educational agencies in the development of annual budgets and the management of subsequent expenditures from that budget. Existing law requires those standards and criteria to include comparisons and reviews of reserves and fund balances.~~

~~This bill, commencing with the 2005–06 fiscal year and each fiscal year thereafter until July 1, 2010, would permit a school district or county office of education to meet the standards and criteria for a minimum reserve for economic uncertainties by maintaining a reserve for each state and locally funded categorical education program, except as specified, in proportion to the percentage of the minimum reserve for economic uncertainties for that district or county office. The bill would require the remaining balance of the reserve for economic uncertainties to be met with funds from unrestricted accounts. The bill would permit funds appropriated for the specific purposes of a categorical education program to be expended for other purposes, thereby making an appropriation.~~

Vote: majority. Appropriation: ~~yes~~ *no*. Fiscal committee: yes. State-mandated local program: no.

*The people of the State of California do enact as follows:*

- 1 SECTION 1. Section 17070.75 of the Education Code is
- 2 amended to read:
- 3 17070.75. (a) The board shall require the school district to
- 4 make all necessary repairs, renewals, and replacements to ensure
- 5 that a project is at all times maintained in good repair, working
- 6 order, and condition. All costs incurred for this purpose shall be
- 7 borne by the school district.
- 8 (b) In order to ensure compliance with subdivision (a) and to
- 9 encourage school districts to maintain all buildings under their

control, the board shall require an applicant school district to do all of the following prior to the approval of a project:

(1) Establish a restricted account within the school district's general fund for the exclusive purpose of providing moneys for ongoing and major maintenance of school buildings, according to the highest priority to funding for the purposes set forth in subdivision (a).

(2) Agree to deposit into the account established pursuant to paragraph (1), in each fiscal year for 20 years after receipt of funds under this chapter, a minimum amount equal to or greater than 3 percent of the applicant school district's total general fund less any restricted accounts for that fiscal year. Annual deposits to the fund established pursuant to paragraph (1) in excess of 2½ percent of the school district general fund budget may count towards the school district's matching funds requirement necessary to receive apportionments from the State School Deferred Maintenance Fund pursuant to Section 17584 to the extent that funds are used for purposes that qualify for funding under that section. In addition, any school district contribution to this fund may be provided in lieu of meeting the ongoing maintenance requirements pursuant to Section 17014 to the extent the funds are used for purposes established in that section. A school district that serves as the administrative unit for a special education local plan area may elect to exclude from its total general fund expenditures, for purposes of this paragraph, the distribution of revenues that are passed through to participating members of the special education local plan area. This paragraph applies only to the following school districts:

(A) High school districts with an average daily attendance greater than 300 pupils.

(B) Elementary school districts with an average daily attendance greater than 900 pupils.

(C) Unified school districts with an average daily attendance greater than 1,200 pupils.

(3) Certify that it has publicly approved an ongoing and major maintenance plan that outlines the use of the funds deposited, or to be deposited, pursuant to paragraph (2). The plan may provide that the school district need not expend all of its annual allocation for ongoing and major maintenance in the year in which it is deposited if the cost of major maintenance requires that the

1 allocation be carried over into another fiscal year. However, any  
2 state funds carried over into a subsequent year may not be counted  
3 toward the annual minimum contribution by the school district. A  
4 plan developed in compliance with this section shall be deemed to  
5 meet the requirements of Section 17585.

6 (c) A school district to which paragraph (2) of subdivision (b)  
7 does not apply shall certify to the board that it can reasonably  
8 maintain its facilities with a lesser level of maintenance.

9 ~~SEC. 2. Section 33129.5 is added to the Education Code, to~~  
10 ~~read:~~

11 ~~33129.5. (a) For the 2005-06 fiscal year and each fiscal year~~  
12 ~~thereafter, a school district or county office of education may meet~~  
13 ~~the standards and criteria for a minimum reserve for economic~~  
14 ~~uncertainties, as adopted pursuant to subdivision (a) of Section~~  
15 ~~33128, by maintaining a reserve for each state and locally funded~~  
16 ~~categorical education program in proportion to the percentage of~~  
17 ~~the required minimum reserve for economic uncertainties for that~~  
18 ~~district or county office. The reserve for a categorical education~~  
19 ~~program may include deferred revenue that is owed to the school~~  
20 ~~district or county office of education by the state for that program.~~  
21 ~~After calculating the total amount of funds maintained in a~~  
22 ~~categorical education program reserve pursuant to this~~  
23 ~~subdivision, the remaining balance of the reserve for economic~~  
24 ~~uncertainties shall be met with funds from unrestricted accounts.~~

25 ~~(b) Capital outlay sinking funds and the proceeds from general~~  
26 ~~obligation bonds and revenue bonds may not be used for purposes~~  
27 ~~of meeting the minimum reserve for economic uncertainties~~  
28 ~~pursuant to subdivision (a).~~

29 ~~(c) Notwithstanding any other law, categorical education funds~~  
30 ~~reserved pursuant to subdivision (a) shall be accounted for as funds~~  
31 ~~received and spent in accordance with requirements of the~~  
32 ~~categorical program for which they were originally appropriated.~~

33 ~~(d) Notwithstanding any other law, categorical education funds~~  
34 ~~reserved pursuant to subdivision (a) may be expended for any~~  
35 ~~purpose for which budget reserves for economic uncertainties, as~~  
36 ~~required by the State Board of Education pursuant to subdivision~~  
37 ~~(a) of Section 33128, may be spent.~~

38 ~~(e) This section shall become inoperative on July 1, 2010, and~~  
39 ~~as of January 1, 2011, is repealed, unless a later enacted statute, that~~

1 ~~is enacted before January 1, 2011, deletes or extends the dates on~~  
2 ~~which it becomes inoperative and is repealed.~~

O
